## COMMITTEES

Under Article 6, March Meeting 1945

The following New High School Building Committee made a report of progress.

EDWARD F. WILLCUTT
ARTHUR L. CLARK
CHARLES L. STEGMAIER
JOHN L. EMERY
FRANCIS W. HAGERTY
WILLIAM H. McGAW
ARTHUR SOMERVILLE
IRA B. P. STOUGHTON
J. W. ERNEST EDWARDS
JOHN N. MacNEILL
ELLIOT STODDARD
E. CLAYTON HYLAND

Under Article 20, March Meeting 1945

Voted Unanimously, by a voice vote, that the Selectmen appoint a Committee of twelve Citizens of Cohasset to investigate and determine the need for a Modern Central Fire Station and a Modern Police Station. Said committee to report their findings including possible locations, types of buildings, plans, specifications and estimated costs at the next annual Town Meeting.

The twelve citizens appointed by the Selectmen are as follows:

HAROLD F. BARNES
LAWRENCE F. LINCOLN
BARTLETT TYLER
JOSEPH L. OLIVER
MILTON L. KERR
RICHARD C. THOMPSON
GEORGE P. MAPES
CLARENCE S. REDDY
HECTOR J. PELLETIER
EDWARD R. JASON
CHARLES E. HOWE
HOWARD BATES

Under Article 27, March Meeting 1945

Voted, unanimously, by a voice vote, that the Selectmen appoint a committee to investigate the costs of operation and estimated value of the Cohasset Water Company, within the confines of Cohasset, to make a study of operating costs and value of a water system under Town ownership and to report their findings at the next Annual Town Meeting.

Nine citizens appointed by the Selectmen are as follows:

THOMAS F. CULLINEY
GILBERT S. TOWER
STEWART SANDERS
ROSCOE E. SHERBROOKE
HOMER A. SEVERNE
FREDERIC D. MacNEILL
ROBERT J. HILL
LLOYD W. TROTT
PHILIP L. TOWLE

Under Article 31, March Meeting 1945

Voted, unanimously, by a voice vote, that the Selectmen appoint a committee of fifteen Citizens to investigate possible sites in the town suitable for subdivisions and development for house lots on land owned by the town or otherwise, which would include making same available for returning Cohasset veterans of World War II as home sites. Said committee to report its recommendations and findings at the next Annual Town Meeting.

The fifteen Citizens appointed by the Selectmen are as follows:

HOWARD BATES
EDWARD A. MULVEY
RALPH SCRIPTURE
BURT M. BRISTOL
JOHN M. DOBBS
FRANK E. JASON
H. KINGSLEY DURANT
ARTHUR L. CLARK
ELLIOT STODDARD
WALTER C. WHEELWRIGHT
ELMER H. PRATT
T. FREDERICK MULCAHY
EVERETT W. GAMMONS
NATHANIEL HURWITZ
MANUEL A. GRASSIE

Attest:

WILLIAM H. MORRIS,
Town Clerk

# TOWN CLERK'S REPORT

## Town of Cohasset

## REPORT OF THE ANNUAL TOWN MEETING

HELD MARCH 3, 1945

At the Annual Business Meeting held at the Town Hall at 2 o'clock P. M., March 3, 1945 the following Articles were contained in the Warrant and acted upon as recorded:

Checkers previously appointed for entrance, by the Selectmen and sworn by Town Clerk William H. Morris at 1:30 o'clock P. M., were Mamie F. Keegan, Rosilla Trott, Mildred T. Browne and Catherine D. Noonan.

The Meeting was opened at 2 o'clock P. M., by the Moderator and the Town Clerk proceeded to read the call of the Meeting.

Tellers appointed by the Moderator and sworn by Town Clerk William H. Morris at 2:01 o'clock P. M., were Henry E. Sweeney and Ziba T. Lapham.

The Moderator ascertained from the Checkers the number of voters present, as checked on the incoming voting lists which was less than 200 and therefore not a quorum.

A motion was made and seconded to adjourn to Monday evening at 8 o'clock P. M., which was voted in the negative.

At 3 o'clock P. M., the Moderator ascertained from the Checkers the number of voters present, as checked on the incoming voting lists which was 214.

An invocation was offered by the Rev. Robert W. Little after which all stood in silence for a period of one minute in memory of the departed of World War II.

ARTICLE 1. To choose all town officers not required to be elected by ballot.

VOTED: Unanimously, by a voice vote, that the Selectmen be and hereby are authorized and directed to appoint all Town Officers not required to be elected by ballot.

ARTICLE 2. To act upon the reports of the various Town Officers as printed in the annual report for the year 1944.

VOTED: Unanimously, by a voice vote, that no action be taken under this Article as the Town Reports are not printed.

ARTICLE 3. Charles L. Stegmaier et al. To see if the town will vote a 10 percent temporary increase, to compensate for the increased cost of living, over and above and in addition to the salaries and/or compensation of its elected Public Officials and Town Officers as paid for and during the year 1944 together with base increases recommended since or established at this meeting; recommend a similar increase in the case of all appointed officers and positions in all departments; recommend a similar increase in the wages or compensation of all other employees; providing that in no case shall said increase exceed a maximum of $200.00 in any one office or position or combined offices or positions; raising, appropriating, providing and allocating a sufficient sum of money therefor.

VOTED: By a voice vote, that, in view of the increased cost of living, the salaries, compensation and wages of the Town's Public Officials, Officers and Employees, elected, appointed and otherwise, be temporarily increased and recommended for increase for the year by ten percent (10%) over and above and in addition to the salaries and/or compensation and wages in all departments paid for and during the year 1944 together with base increases recommended and established by vote at this meeting, such increase not to exceed, however, $200.00 in any one office or position or in case of individuals holding more than one office or position not more than $200 in the combined offices or positions held by such individuals. Such increase to be effective January 1, 1945 and to be provided, fixed and allocated by appropriate vote under Article 4 of this Warrant.

VOTED: By a voice vote, that Article 31 be taken up at this time.

ARTICLE 31. Elliot Stoddard, et al. Will the Town instruct the Selectmen to authorize the Town Engineer or an engineer to subdivide the Town Farm, so-called, into suitable house lots with necessary rights of way and entrances? This sub-division to be held intact by the Town until termination of hostilities and then to be offered by lot, and free of charge, to returning Cohasset veterans of World War II as home sites, with restrictions regarding future sale or transfer of such grants to be determined by the Selectmen. This article to include an appropriation sufficient to pay the costs of such a survey.

VOTED: By a voice vote, that this Article be indefinitely postponed.

RESOLVED: That a Committee of fifteen citizens, to be appointed by the Selectmen, hereby be established to investigate possible sites in the town suitable for subdivisions and development for house lots on land owned by the Town or otherwise which would include making the same available for returning Cohasset Veterans of World War II as home sites, such Committee to report its recommendations and findings to the Town at the next Town Meeting and to submit to the Selectmen, at least thirty days before said meeting for insertion in the Warrant therefor, an appropriate draft of Article necessary to carry its recommendations into effect.

VOTED: Unanimously, in the affirmative, by a voice vote.

ARTICLE 4. What sums of money will the Town raise and appropriate for operation, salaries and expenses for the following:

VOTED: Unanimously, by a voice vote, that the subdivisions and sections of this Article be considered, covered and acted upon in one vote; that in view of the increasing cost of living a further temporary increase supplementary to previous temporary increases voted in prior years based and calculated upon and representing ten percent (10%) over and above and in addition to the salaries and/or compensation and wages paid for and during the year 1944, plus base increases recommended and established by vote at this meeting, be and hereby is made in the salaries or compensation of the Town's elected Public Officials and Town Officers, retroactive to and effective as of January 1, 1945, and until the next Annual Meeting in 1946, except as restricted to $200 in any one office or position or in the case of individuals holding more than one office or position not more than $200 in the combined offices or positions held by such individuals; a similar restricted increase in the case of all appointed officers, positions and employees in all departments, retroactive, effective and until said 1946 annual meeting as aforesaid being hereby recommended; and therefore that the sum of $320,-

626.92 be raised and appropriated, $16,310.00, for salaries of elected Town Officers, the same being so fixed as follows, and $304,316.90 for salaries, operation, maintenance and expenses of the various departments and all for the purposes itemized in sections No. 1 to No. 49 inclusive of this article and contained in the Warrant as follows:

ARTICLE 5. To see if the Town will vote to authorize the Town Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1945, and to issue a note or notes therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44, General Laws.

VOTED: Unanimously, by a voice vote, that the Treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1945, and to issue a note or notes therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44, General Laws.

ARTICLE 6. To hear the report of any Committee heretofore chosen and act thereon.

VOTED: By a voice vote, to accept the report of the School House Committee, as given by Mr. William H. McGaw, Vice Chairman, as a Report of Progress.

ARTICLE 7. To see if the Town will vote to appropriate from available cash in the treasury a sum not exceeding $25,000.00 for the use of the Assessors in fixing the tax rate for the ensuing year.

VOTED: Unanimously, by a voice vote, that there be appropriated from available cash in the Treasury for the use of the Assessors in fixing the tax rate for the ensuing year such sum not exceeding $25,000.00 as the Assessors in their discretion may determine advisable.

ARTICLE 8. To see if the Town will vote to appropriate the sum of $741.39, this being the sum received from the County for dog licenses, for Schools, as required by Chapter 140, Section 172 of the General Laws.

VOTED: Unanimously, by a voice vote, that the sum of $741.39 be and hereby is appropriated from available cash in the Treasury, being the unexpended balance of the Dog Fund received from the County for dog licenses, in accordance with Chapter 140, Section 172 of the General Laws to be expended for the support of the Public Schools.

ARTICLE 9. To see if the Town will raise and/or appropriate from Overlay Surplus, or otherwise, the sum of $5,000.00 for the purpose of a Reserve Fund, or act on anything relating thereto.

VOTED: Unanimously, by a voice vote, that the sum of $3,000.00 be and hereby is appropriated from overlay surplus and $2,000.00 from available funds in the treasury making a total of $5,000.00 for the purpose of a Reserve Fund.

ARTICLE 10. To see if the Town will vote to raise and appropriate the sum of $800.00 for the purpose of maintaining during the ensuing year, the mosquito control works as estimated and certified to by the State Reclamation Board in accordance with the provisions of Chapter 112, Acts of 1931.

VOTED: Unanimously, by a voice vote, that the sum of $800.00 be raised and appropriated for maintaining, during the ensuing year, the Mosquito Control Works as estimated and certified to by the State Reclamation Board in accordance with Chapter 112, of the Acts of 1931.

ARTICLE 11. To see if the Town will raise and appropriate a sum of money for Civilian Defense purposes as provided in Chapter 487 of the Acts of 1941, or act on anything relating thereto.

VOTED: Unanimously, by a voice vote, that the sum of $1000.00 be and hereby is raised and appropriated for purposes of Civilian Defense as provided in Chapter 487 of the Acts of 1941, to be expended under the supervision of the Selectmen if they deem it necssary.

ARTICLE 12. To see if the Town will vote to raise and appropriate, or transfer from available funds in the treasury, a sum of money for the purchase of war bonds or other bonds that are legal investments for savings banks, in order to establish a post-war rehabilitation fund, in accordance with the provisions of Chapter 5, Acts of 1943.

VOTED: Unanimously, by a voice vote, that this Article be indefinitely postponed.

ARTICLE 13. To see if the Town will vote to authorize the Board of Selectmen to appoint any member thereof to the office or position of Animal Inspector and fix the salary of such appointee in accordance with General Laws, Chapter 41, Section 4A, or act on anything relating thereto.

VOTED: Unanimously, by a voice vote, that the Board of Selectmen be and hereby are authorized to appoint any member thereof to the office or position of Animal Inspector in accordance with General Laws, Chapter 41, Section 4A, until further vote of the Town revoking said authority, and the salary attached to said position is hereby fixed at $115.00 for the ensuing year.

ARTICLE 14. To see what sum of money the Town will raise and appropriate for the dredging and improvement of Cohasset Harbor or what other or further action it will take relative thereto.

VOTED: Unanimously, by a voice vote, that the sum of $10,000.00 be and hereby is appropriated from available funds in the treasury for the dredging and improvement of Cohasset Harbor, the same to be used in the discretion of the Selectmen when other funds are available for the same purpose which have been approved by the Federal Government and the State.

ARTICLE 15. To see if the Town will vote to raise and appropriate a sufficient sum of money to purchase a new or rebuilt piano for use at the Town Hall or act on anything relating thereto.

VOTED: Unanimously, by voice vote, that the sum of $550.00 be and hereby is raised and appropriated for the purchase of a new or rebuilt piano for use at the Town Hall.

ARTICLE 16. To see if the Town will raise and appropriate a sum of money for the purchase of a spraying machine, for the use of the Moth Department, or act on anything relating thereto.

VOTED: By a voice vote, that the sum of $868.00 be raised and appropriated for the purchase of a spraying machine, for the use of the Moth Department.

ARTICLE 17. Joseph L. Oliver, et al. Will the Town raise and appropriate the sum of $15,500.00 for the purchase of an Aerial Ladder Truck?

VOTED: Unanimously, by a voice vote, that the sum of $15,500.00 be and hereby is raised and appropriated for the purchase of an aerial ladder truck for the Fire Department.

ARTICLE 18. Roscoe G. Pratt, et al. To see if the Town will raise and appropriate the sum of $292.00 for the purchase of portable flood light equipment for night use on Tree Warden Department truck, more specifically enumerated as follows: 1-500 watt alternating current generator; 2-250 watt flood lights; 1-130 amperehour storage battery with all necessary portable rubber cord connections.

VOTED: Unanimously, by a voice vote, in the affirmative.

ARTICLE 19. Mary deForest Seymour, et al. To see if the Town will raise and appropriate the sum of $500.00 for the purchase of an Arlington XL Model E. Spray Pump, with 6 horsepower motor and 200 gal tank complete, together with 100 feet of ½" hose, for the Tree Department, or act on anything relating thereto.

VOTED: Unanimously, by a voice vote, that this Article be indefinitely postponed.

ARTICLE 20. Elliot Stoddard, et al. Will the Town instruct the Selectmen to appoint a Committee of twelve citizens to investigate and determine the need for:

1. A modern Central Fire Station
2. A modern Police Station.

Said committee to report their findings including possible locations, types of buildings, plans, specifications and estimated costs at the next annual Town Meeting.

VOTED: By a voice vote, that the Selectmen be and hereby are instructed to appoint a Committee of twelve citizens, including the Chiefs of the Fire and Police Departments, to investigate and determine the need for:

1. A modern Central Fire Station
2. A modern Police Station.

Said committee to report their findings including possible locations, types of buildings, plans, specifications and estimated costs at the next annual Town Meeting.

ARTICLE 21. Elliot Stoddard, et al. Will the Town raise and appropriate the sum of $2,000.00 for the expenses of the Committee appointed to investigate the need for Fire and Police Stations.

VOTED: By a hand vote, that the sum of $2,000.00 be and hereby is raised and appropriated for the expenses of the Committee appointed to investigate the need for Fire and Police Stations.

YES 117 NO 20

ARTICLE 22. Harry A. P. Hetue, et al. To see if the town shall instruct it's Highway Surveyor to obtain, through the Town Engineer or other Engineer, proper grades at Depot Court, between the Depot, Pleasant Street crossing and Lincoln Bros. Coal Office, and directly thereafter to resurface the roadway in that area to the proper grades; installing such catch basins as may be necessary in order to alleviate the immensely flooded condition after a storm; the cost of same to be expended from the Highways-General Appropriation funds; and the Selectmen be instructed to obtain any legal permission that may be necessary from the New York, New Haven & Hartford Railroad or other persons or corporations or take any other action necessary therefor.

VOTED: Unanimously, by a voice vote, in the affirmative.

ARTICLE 23. Harry A. P. Hetue, et al. To see if the town shall instruct it's Highway Surveyor to connect the blind catch basin, in front of Lincoln Bros. Coal Yard on Pleasant Street, with the catch basin on the other side of the street or to the brook direct by installing pipe between said catch basins or the blind basin and the brook; thus alleviating the flooded condition and possible source of contamination in that area; the cost of same to be expended from the Highways-General Appropriation funds, or take any other action necessary therefor.

VOTED: Unanimously, by a voice vote, in the affirmative.

ARTICLE 24. Joseph L. Oliver, et al. Will the Town instruct the Board of Selectmen to appoint a Committee of twelve citizens of Cohasset to act for the Town in the selection of a New Central Fire Station and a suitable site for the same; said building to be constructed at the termination of present hostilities; said committee to submit their plans and recommendations at the next Town Meeting?

VOTED: Unanimously, by a voice vote, that this Article be indefinitely postponed.

ARTICLE 25. Joseph L. Oliver, et al. Will the Town raise and appropriate the sum of $500.00 to secure tentative plans for the construction of the proposed new Fire Station to be expended under the direction of the Fire Station Building Committee or act on anything relating thereto?

VOTED: Unanimously, by a voice vote, that this Article be indefinitely postponed.

ARTICLE 26. To see what action the Town will take with respect to the erection of a municipal garage for the housing of municipal vehicles and equipment, raising and/or appropriating a sum of money to pay the cost of same or take any other or further action relative thereto.

VOTED: Unanimously, by a voice vote, that the sum of $7,000.00 be and hereby is raised and appropriated for the erection and construction of a municipal garage or building for the housing of municipal vehicles and equipment, on the foundation and site of the present building used for said purpose.

ARTICLE 27. To see if the Town will vote to appoint a Committee to make a thorough investigation as to the costs of operation and estimated value of the Cohasset Water Company, within the confines of Cohasset, and make a study of operating costs and value of a water system under Town ownership, the committee to report their findings at the Annual Meeting in March 1946; and to raise and/or appropriate a sum of money for the expenses of said committee or take any other or further action relative thereto.

VOTED: Unanimously, by a voice vote, that a Committee composed of the Selectmen and nine other citizens of the Town, to be appointed by said Selectmen, be and hereby is established to make a thorough investigation as to the costs of operation and estimated value of property of the Cohasset Water Company within the confines of Cohasset, and to make a study of operating costs and value of a water system under Town ownership, the Committee to report their findings and recommendations at the 1946 Annual Meeting; and that the sum of $1000.00 be raised and appropriated for the expense of said Committee.

ARTICLE 28. James T. Dunn, et al. To see if the Town will raise and appropriate a sufficient sum of money for the rental, for one year, of fire hydrants on King Street and Chief Justice Cushing Way, between the corner of North Main Street and Forest Avenue and the properties of William C. Rogers and Mrs. Jane Bancroft, the number of hydrants to be decided upon by the Board of Selectmen and the Fire Department, the same to be sufficient for protection of the properties of Gove, Laugelli, Dunn, Worrick, Rosano, Crocker, Darling, Rogers and Bancroft and the Selectmen be hereby instructed to petition the Cohasset Water Company for their earliest possible installation, or act on anything relating thereto.

VOTED: Unanimously, by a voice vote, that the sum of $225 be and hereby is raised and appropriated for the rental, for one year, of three hydrants to be located on King Street, Chief Justice Cushing Way, between North Main Street and the properties of William C. Rogers and Mrs. Jane Bancroft as may be decided upon by the Selectmen and the Chief of the Fire Department; and further, that the Selectmen be and hereby are instructed to petition the Cohasset Water Company for the extension of water mains and the installation of same.

ARTICLE 29. Elliot Stoddard, et al. Will the Town raise and appropriate the sum of seventy-five hundred dollars ($7500.00) for the collection of garbage and refuse within the town limits of Cohasset; said collection to be submitted for bid and to be opened at a public hearing of the Selectmen and contract awarded to the lowest bidder qualified.

VOTED: By a voice vote, in the affirmative.

ARTICLE 30. John L. Emery, et al. Will the Town raise and appropriate the sum of $3,000.00 to be used in insulating the cap of the Ripley Road School (so-called) or act on anything relating thereto?

VOTED: Unanimously, by a voice vote, that the sum of $3,000.00 be and hereby is raised and appropriated for the purpose of insulating the cap of the Ripley Road School (so-called) and further that the additional sum of $500 be raised and appropriated to improve the acoustical properties of said school.

VOTED: That this meeting be dissolved at 6:05 o'clock P. M.

Attest:

WILLIAM H. MORRIS,
Town Clerk

## VITAL STATISTICS

### Records of Births, Deaths and Marriages Recorded in 1945

### Births

Total number of births recorded was one hundred and four, of which thirteen were delayed returns and corrections of past years, fifty-two being born in Cohasset and thirty-nine in other cities and towns. Of the ninety-one born in the year 1945 there were forty-seven where the parents were residents of other cities and towns. Of the forty-four whose parents were residents of Cohasset twenty-one were females and twenty-three were males.

### Marriages

Total number of marriages was thirty-seven including those where both parties were non-residents of Cohasset. Twenty-one marriages were solemnized in Cohasset during the current year.

### Deaths

Total number of deaths were fifty-seven including residents of Cohasset who died elsewhere and non-residents who died in Cohasset. Of the thirty-eight who were residents of Cohasset seventeen were females and twenty-one were males.

The principal causes of death were as follows:

| | | | |
|---|---|---|---|
| Chronic Vascular Nephritis Coronary Thrombosis | 1 | Asphyxiation by inhalation of illuminating gas | 1 |
| Cancer of Intestines | 1 | Intestinal Obstruction | 1 |
| Heart Disease—Coronary Thrombosis | 4 | Carbon tetrachloride poisoning | 1 |
| Gun shot wound of the abdomen | 1 | Carcinoma stomach and intestine | 1 |
| Coronary arteriosclerosis | 1 | Gastric ulcer | 1 |
| Heart Disease—arteriosclerotic | 2 | Cerebral hemorrhage | 4 |
| Acute Lironelo—Pneumonia | 1 | Primary Carcinoma of Liver | 1 |
| Cerebral hemorrhage | 1 | Carcinoma Stomach | 1 |
| Myocarditis | 1 | Acute Edema of Lungs | 1 |
| Broncho Pneumonia | 2 | Carcinoma Rectum | 1 |
| | | Valordar Heart Disease | 1 |

| | | | |
|---|---|---|---|
| Acute Citypieal Pneumonia | 1 | Heart Failure | 1 |
| Myocardiat Insufficiency | 1 | Accidental drowning | 1 |
| Heart Disease myocardial | 1 | Enteritis | 1 |
| Carcinoma of Breast | 1 | Stillborn | 1 |
| Cerebral Thrombosis | 1 | Coronary Occlusion | 2 |
| Myocarditis | 3 | Huntington's Chorea—Chronic Myocarditis | 1 |
| Acute Coronary occlusion–Chronic–Arterio sclerotic heart disease with Hypertension | 1 | Hypertensive Heart | 1 |
| Leukemia | 1 | Senility | 1 |
| Acute hepatitis | 1 | Angina Pectoris | 1 |
| Endocarditis | 1 | Coronary Thrombosis | 3 |
| | | Chronic Edema Myocarditis | 1 |
| | | Diabetes | 1 |

## PARENTS, BE SURE TO RECORD THE BIRTH OF YOUR CHILD WITH GIVEN NAME IN FULL

"Parents, within forty days after the birth of a child and every householder, within forty days after a birth in his house, shall cause notice thereof, to be given to the Clerk of the Town where such child is born." — General Laws, Chapter 46, Section 6.

Many times returns are made by Doctors and Hospitals before a child has been named. Make certain your child's name is recorded.

## SOME OF THE REASONS WHY BIRTHS SHOULD BE RECORDED

To establish identity. To prove nationality.

To prove legitimacy.

To show when the child has a right to enter school.

To show when the child has the right to seek employment under the child labor law.

To establish the right of inheritance of property.

To establish liability to military duty, as well as exemption therefrom.

To establish the right to vote.

To qualify to hold title to, and to buy and sell real estate.

To establish the right to hold public office.

To prove the age at which the marriage contract may be entered into.

To make possible statistical studies of the health conditions.

Your co-operation to the end that all births may be properly recorded will be greatly appreciated.

# BIRTHS FOR THE YEAR 1945

Board of Registrars of Voters, Cohasset

# TOWN ACCOUNTANT'S REPORT

## For Year Ending December 31, 1945

January 22, 1946

To the Honorable Board of Selectmen and to the
Citizens of Cohasset:

I herewith present my annual report in accordance with Section 61, of Chapter 41, of the Tercentenary Edition of the General Laws, for the year ending, December 31, 1945, showing in detail the appropriations, expenditures, and the receipts from each source of income. Also a recapitulation sheet and a balance sheet showing the assets and liabilities, debt account, and trust accounts.

I hereby certify that I have verified the Treasurer's cash, twice during the year, and reconciled the bank accounts each time, and found them correct which is in accordance with Section 50 of Chapter 41, of the Tercentenary Edition of the General Laws.

The records of permits and licenses issued by the Selectmen and other departments receiving money for the town or committing bills for collection were examined and checked, the reported payments to the Town Treasurer being compared with the Treasurer's recorded receipts, also the savings bank books and securities representing the investment of the several trust funds in custody of the Town Treasurer. I have further reconciled the accounts of the trust funds in custody of the Trustees of the Cohasset Free Public Library and Paul Pratt Memorial Library.

I have also included detail payroll expenditures of each Department, together with a detailed report of the total expenditures of the School Department.

I wish to take this opportunity to thank all departments for their sincere cooperation this past year.

MALCOLM H. STEVENS,
Town Accountant

# STATE AUDIT

THE COMMONWEALTH OF MASSACHUSETTS

Department of Corporations and Taxation
Division of Accounts
State House, Boston 33

February 7, 1946

To the Board of Selectmen
Cohasset, Massachusetts

Gentlemen:

I submit herewith my report of an audit of the books and accounts of the town of Cohasset for the year ending December 31, 1945, made in accordance with the provisions of Chapter 44, General Laws. This is in the form of a report made to me by Mr. Herman B. Dine, Assistant Director of Accounts.

Very truly yours,
THEODORE N. WADDELL,
Director of Accounts

TNW:MC

Mr. Theodore N. Waddell
Director of Accounts
Department of Corporations and Taxation
State House, Boston

Sir:

As directed by you, I have made an audit of the books and accounts of the town of Cohasset for the year ending December 31, 1945, and report thereon as follows:

The financial transactions, as recorded on the books of the several departments receiving or disbursing money for the town or committing bills

for collection, were examined and reconciled with the reports and records in the town accountant's office.

The town accountant's ledger was analyzed. The recorded receipts were checked with the treasurer's cash book, while the payments were compared with the selectmen's warrants. The appropriations and transfers were checked with the town clerk's record of town meeting proceedings and with the records of the finance committee, a trial balance was taken off, and a balance sheet, showing the financial condition of the town on December 31, 1945, was prepared and is appended to this report. This balance sheet indicates that the financial condition of the town is excellent.

The books and accounts of the town treasurer were checked. The receipts, as recorded, were analyzed and compared with the records of the several departments receiving money for the town or committing bills for collection and with other sources from which money was paid into the town treasury. The payments were compared with the selectmen's warrants authorizing the treasurer to disburse town funds. The cash book additions were verified, and the cash balance on January 25, 1946 was proved by actual count of the cash in the office and by reconciliation of the bank balances with statements furnished by the banks of deposit.

The payments on account of maturing debt and interest were examined and compared with the amounts falling due and with the cancelled securities on file.

The savings bank books and securities representing the investment of the several trust and investment funds in the custody of the town treasurer, the treasurer of the trustees of the Cohasset Free Public Library, and the treasurer of the Paul Pratt Memorial Library were examined and listed. The cash balances were verified, the income and disbursements were proved, and the transfers to the town were compared with the treasurer's recorded receipts.

The records of tax titles held by the town were examined and checked. The amounts added to the tax title account were compared with the collector's records. The reported redemptions were checked with the receipts as recorded on the treasurer's cash book, and the tax titles on hand were listed and proved.

The books and accounts of the tax collector were examined and checked. The tax accounts outstanding according to the previous examination and all subsequent commitments were audited and compared with the assessors' warrants. The reported payments to the treasurer were checked with the treasurer's cash receipts, the abatements were compard with the assessors' record of abatements, and the outstanding accounts were listed and proved.

The departmental accounts receivable were examined and checked. The accounts outstanding according to the previous examination and the subsequent charges were audited and proved. The reported payments to the treasurer were verified and the outstanding accounts were listed and reconciled with the accountant's ledger accounts.

Verification of the outstanding tax and departmental accounts was obtained by mailing notices to a number of persons whose names appeared

on the books as owing money to the town, and from the replies received thereto it appears that the accounts, as listed, are correct.

The financial accounts of the town clerk relative to dog and sporting licenses were examined, the payments to the town being checked with the treasurer's recorded receipts and the payments to the State being compared with the receipts on file.

The surety bonds of the various town officials required by law to furnish them were examined and found to be in proper form.

The records of licenses and permits issued by the selectmen and the police and health departments, as well as of all other departments receiving money for the town or committing bills for collection, were examined and checked, the reported payments to the town treasurer being compared with the treasurer's recorded receipts.

Appended to this report, in addition to the balance sheet previously mentioned, are tables showing a reconciliation of the treasurer's cash, summaries of the tax, tax title, and departmental accounts, as well as tables showing the condition and transactions of the trust and investment funds.

During the progress of the audit, co-operation was extended by the several town officials, for which, on behalf of my assistants and for myself, I wish to express appreciation.

Respectfully submitted,

HERMAN B. DINE,

Assistant Director of Accounts

HBD:MC

# TOWN TREASURER'S REPORT FOR 1945

| | | |
|---|---|---|
| Balance in treasury January 1, 1945 | | $110,168.89 |

EVERETT W. WHEELWRIGHT,
A. FRED PETERSEN,
Board of Assessors

# REPORT OF COHASSET FIRE DEPARTMENT

To the Honorable Board of Selectmen:

Gentlemen:

I hereby submit my report of the Fire and Forest Department for the year ending December 31, 1945.

## FIRE ALARMS AND FIRE LOSSES

| | |
|---|---|
| Bell Alarms | 74 |
| Still Alarms | 43 |
| Total | 117 |
| Fires in Buildings | 40 |
| Automobiles | 1 |
| Dump, Brush, Grass | 35 |
| Miscellaneous Fires | 2 |
| Miscellaneous Calls | 2 |
| Needless Calls | 4 |
| Mutual Aid | 13 |
| False Alarms | 20 |
| Total | 117 |

## VALUE OF BUILDINGS AND CONTENTS

| Buildings | Contents | Total |
|---|---|---|
| $213,300.00 | *$114,800.00 | $328,100.00 |
| Automobiles 600.00 | | 600.00 |
| Total | | $328,700.00 |

*Estimated

## INSURANCE PAID

| Buildings | Contents | Total |
|---|---|---|
| $433.00 | $350.00 | $783.00 |

| | |
|---|---|
| Total Insurance Paid | $ 783.00 |
| Total Uninsured Loss | 1,000.00 |
| Total Loss Insured and Uninsured | $1,783.00 |

## APPARATUS RESPONDING

| | |
|---|---|
| Engine 1 | 52 |
| Engine 2 | 23 |
| Engine 3 | 45 |
| Squad | 48 |
| Ladder | 50 |
| Forest Truck | 35 |

## CONDITION OF APPARATUS

Repairs have been made on all trucks, and they are in good condition. Delivery of the new ladder truck is expected in the early spring.

## INSPECTIONS

During the year careful inspections have been made regularly of public buildings and business places.

A great many oil burners have been installed since VJ Day, and permits were issued after an inspection by the wire inspector and this department. A permit is required for the storing of oil.

## FIRE ALARM

The Electric Light Company replaced many poles during the last part of the year, and it was necessary to transfer fire alarm wires on most of these poles, and in some cases fire alarm boxes were transferred. About two miles of old wire which has caused a great deal of trouble the past two years was replaced with new wire. Many other sections will be renewed as soon as possible in order to bring this system back to the required condition.

## REPORT OF FOREST WARDEN

The total number of permits for outdoor fires issued during the year of 1945 was 641.

A large number of fires are caused each year from fires which have been left before being fully extinguished. A few are caused by faulty incinerators.

During the year a few people built fires in the open without a permit.

## RECOMMENDATIONS

I would respectfully recommend for your consideration the following for the Fire Department.

1. The construction as soon as possible of a modern fire station at a suitable location to house the equipment and men now located at the Central Fire Station.

2. The placing of a hydrant midway on Bancroft Road, and extending the water main to connect Norfolk Road and Pond Street.

3. The employment of additional men to reduce the number of hours a week the permanent men are on duty. At present these men are required to be on duty 132 hours a week.

In concluding my report, I wish to extend my thanks to the Honorable Board of Selectmen and the Heads of Town Departments for their co-operation and assistance.

To the officers and members of this Department, I wish to express my sincere thanks for their services and co-operation on all occasions during the year.

Respectfully submitted,

JOSEPH L. OLIVER,
Chief of Fire Department
Forest Warden

# REPORT OF THE BOARD OF SELECTMEN

To the Citizens of Cohasset:

The administration of business under the jurisdiction of the Board of Selectmen has been completed in accordance with the power and limitations of the boards authority. The town is in very sound financial condition but we wish to remind the citizens of the town that municipal costs, department and special appropriations must of necessity be kept at the lowest possible level until such time as building materials are again made available for the construction of new homes and tax revenue can be increased. The collection of garbage and rubbish by a contractor has been unsatisfactory and we do not recommend continuance of this service by contract. We believe it would be far more satisfactory when the town is ready to raise the money to purchase proper equipment for this service and place it under direct control of the Town Officials.

The tragic death of Joseph Albert Dion who served faithfully and well as clerk of the board for many years is a loss keenly felt by his associates in the town offices and the many citizens who frequently came in contact with him. The board is deeply appreciative to Mr. Gilman Churchill who served temporarily as military substitute in the absence of Mr. Petersen. There is every indication that the dredging of the harbor which has been in abeyance for some time will be started in the near future.

In closing we urge your atendance at the annual town meeting and respectfully request your co-operation in maintaining economy without impairing the efficiency and high standard of the town.

Respectfully submitted,

A. FRED PETERSEN,

EVERETT W. WHEELWRIGHT,

DARIUS W. GILBERT,

Selectmen of Cohasset

# REPORT OF THE BOARD OF HEALTH

To the Voters of Cohasset:

Clinics for the immunization from Diphtheria and Whooping Cough were conducted, this being the second year that the combined inoculations have been given to the children of the Town.

That the Clinics are of unquestionable value to the Community is attested by the fact that our record in regard to the former diseases has been practically negligible for many years, and that since the inception of the combined serums, a marked decrease in the number of whooping cough cases reported has been noted. Also it has been found that when a child who has been immunized from whooping cough and later become afflicted with the disease, that the effects of the disease had been lessened to a considrable degree.

The Well Baby Conference, under the supervision of the Social Service League and the District Nurse, held on the first Tuesday of each month at the Community Center, is marked with a high degree of efficiency and has grown from an average attendance of twelve to twenty-five children. The medical advice received at the Clinics have been of immeasurable value to the mothers attending with their children.

The Town, as a whole, has a good record as far as contagious diseases are concerned. Of the 45 cases reported, six are from dog bites, leaving a total of 39 cases reported to this Department. Cases reported are as follows:

| | |
|---|---|
| Chicken Pox | 14 |
| Dog Bite (non Rabid) | 6 |
| German Measles | 5 |
| Mumps | 14 |
| Scarlet Fever | 3 |

The bulk of the appropriation for the maintenance of James Brook, Straits Pond, Cat Dam, etc., was expended for the maintenance of the brooks and ditches. Straits Pond and Cat Dam required a minimum amount of labor, due to the rainfall of last summer which also minimized the need of disinfecting and deodorizing catch basins and culverts which are usually required during hot dry spells of the average summer.

The late winter flood of last year which inundated a section of the Town and flooded countless numbers of cellars was considerably abated because of the fine condition of the brooks and culverts, the result of last summers work.

In relation to the flood, the members of this Department wish to acknowledge the splendid services of Mr. Charles Stoddard, employee of the Board of Health and others who, during and after that period, worked night and day in an effort to pump cellars dry and thus alleviate the hardships incurred by the inhabitants of the flooded area.

Analysis of milk sold within the confines of the Town and inspection of dairies were made at intervals during the year by the Department Milk Inspector, Mr. Charles E. Frates who also licensed all dealers.

Dr. William G. Matteson, granted a leave of absence over three years ago for the purpose of serving in our Armed Forces, has been reinstated as Dentist at the School Dental Clinic. This Department wishes to acknowledge with thanks the fine spirit of co-operation and services rendered by Dr. John Corrigan, who was appointed to replace Dr. Matteson during his absence.

Respectfully submitted,

NATHANIEL M. HURWITZ, Chairman

ABRAHAM J. ANTOINE, JR., Secretary

| Dept. Public Welfare | 17 | 2 | | |
| TOTAL | 3439 | 815 | 3396 | 710 |

The Board of Health is charged for visits of Health Supervision to Maternity patients, Crippled Children, Newborn, Infant, Pre-school, School, Adults, and Immunization check-up; for health supervision of Acute Communicable disease and Tuberculosis.

The Social Service League is charged for all free visits for bedside care (Morbidity Service), and Social Service visits by the nurse.

Visits made to Old Age Assistance patients are charged to Old Age Assistance. Visits to patients on Welfare are charged to Dept. of Public Welfare.

Patients who have certain types of policies with the John Hancock Mutual Life Insurance Company and the Metropolitan Life Insurance Company are entitled to nursing service for which the company pays the nursing service.

A charge of $1.00 per hour visit to patients requiring bedside care, double fee for appointment service. The fee is reduced for those patients who cannot pay the entire cost, and is made free for those who cannot pay.

The Nursing Service tries to serve all residents of Cohasset and invites anyone who wishes help to call on the nurse. We feel it is our business to know the answers to health problems, the resources of the community, etc., and if we do not know the answer we will try to find out what it is.

The WELL CHILD CONFERENCE, sponsored by the Board of Health and Social Service League is held once a month, on the first Tuesday of the month, at the Community Center. Dr. Steward Clifford is the visiting pediatrician. Infants are seen regularly for assistance with diet, and physical examination every three months to rule out any abnormality. Pre-school children (from one year to school age) are seen annually for physical examination including urine test.

Sixty-four infants and thirty-one pre-school children were admitted during the year. The total attendance was 233.

The well Child Conference is free to all residents of Cohasset. We feel that Cohasset residents are lucky to have the privilege of having their babies checked by Dr. Clifford who is on the staff of the Children's Hospital and the Boston Lying-In Hospital, and has excellent training and experience.

IMMUNIZATION CLINIC held in the Spring, 1945

90 families were contacted regarding immunization for their children.

24 children received the three injections of combined Whooping Cough and Diphtheria immunization.

5 children received the three injections of Diphtheria Toxoid.

17 children received the three injuctions of Whooping Cough immunization.

—

46 Total treated in clinic.

35 Children received the immunization injections from their family physicians.

9 families have moved from Cohasset.

Modern medical opinion holds that every child before he reaches the age of one year should have had immunization against Diphtheria, Whooping Cough, Tetanus, and Small pox. By immunization throughout the state the rates of these dreadful diseases have been cut tremendously, and many lives have been saved. The Board of Health provides free immunization against Diphtheria and Whooping Cough, and advises parents to visit their family doctors for immunization against Tetanus and the vaccination against Smallpox, for their children. Immunization may be started any time after the baby is six months old.

## THE STATUS OF TUBERCULOSIS IN COHASSET

There are six known cases of Tuberculosis in Cohasset. Two of the patients are under treatment; and two refuse treatment; and two, who were diagnosed about twenty years ago refuse to have an x-ray to determine their status.

The Board of Health will provide transportation to Braintree, the Norfolk County Tbc. out-patient Dept., for anyone desiring an x-ray. The clinic is held every Tuesday morning from eight o'clock on.

During the year five trips were made and twenty patients had chest x-rays. All were negative.

Three teachers from the Ripley Road School and six teachers from the Osgood school had chest x-rays at Braintree. All were negative.

## TRANSPORTATION OF PATIENTS TO CLINICS, ETC.

The Red Cross Motor Corps have cooperated with the Nursing Service throughout the year to give transportation to those patients requiring it in order to attend clinics, etc., in Boston, Brockton, Quincy, Braintree, etc. The Nursing Service is deeply grateful to the members of the Motor Corps who have volunteered their time and energies so willingly.

During the past year it has been a problem to provide transportation for all the patients requiring it. Until the middle of the year, when the Motor Corps purchased a beach wagon, all trips were made in cars of Motor Corps members. The Motor Corps is limited in that there are only a few drivers remaining in the organization, and all the work is carried out by these few members.

The Social Service League has tried to organize a committee to take care of all local driving. Mrs. Lloyd Trott and Mrs. Burt Bristol were co-chairmen of such a committee organized in January, 1945, and were successful in signing up drivers for the Well Child Conference held once a month, and transported patients for the Immunization Clinic in the Spring. Mrs. Roger B. Coulter has taken over the job of getting drivers each month for the Well Child Conference. We are desperately in need of drivers and anyone who is interested may call Mrs. Richardson White at Coh. 0207.

We have tried to co-operate with the Motor Corps in the trips to Boston Hospital Clinics by having all patients who could go by train to their destination to do so; whenever possible, we had five or six patients go into the clinics on the same day, when it was necessary to use a car.

The following trips were made:

| Destination | Motor Corps | Train with Transportation to and from Train | Nurse | Patient's Own Arrangements. |
|---|---|---|---|---|
| Mass General Hospital | 17 | 19 | 2 | 3 |
| Children's Hospital | 8 | 1 | | 3 |
| Boston Lying-In Hospital | 11 | | 1 | |
| Lahey Clinic | 2 | | | |
| Mass. Memorial Hospital | 1 | 1 | | |
| Private physicians, etc. | 3 | | 4 | |

## REPORT OF THE SEALER OF WEIGHTS AND MEASURES

January 28, 1946

To the Honorable Board of Selectmen,
Cohasset, Massachusetts

Dear Sirs:

My report, as Sealer of Weights and Measures, for the year of 1945, is as follows:

The various weighing and measuring appliances have been carefully tested. 193 were sealed, 11 were adjusted.

The amount of $36.07 for sealing fees was collected and paid to the Town Treasurer.

Respectfully submitted,
IRA B. P. STOUGHTON,
Sealer of Weights and Measures

# REPORT OF THE BOARD OF PUBLIC WELFARE AND BUREAU OF OLD AGE ASSISTANCE

To the Citizens of Cohasset:

There were eight cases aided during the year under General Relief, consisting of four single persons and four families. The four family cases were receiving aid for a short period on account of illness. Three of the single cases are ineligible for Old Age Assistance on account of citizenship requirements. The other single case received temporary aid and was then transferred to the Tewksbury Infirmary.

The District Nurse reports a total of seventeen visits to three cases.

## AID TO DEPENDENT CHILDREN

There were four cases aided under Aid to Dependent Children. One case was aided for several months on account of husband's illness. The other three cases are widows with small children.

## OLD AGE ASSISTANCE

During the year fifty-three cases were receiving Old Age Assistance. On January 1, 1945, there were forty-three active cases; eleven new cases were added and eight cases closed, leaving a total of forty-six active cases on December 31, 1945. The eight cases were closed for the following reasons:

| | |
|---|---|
| Death | 4 |
| Moved out of town | 2 |
| Self-supporting | 2 |

There have been several changes in the Old Age Assistance law. As of January 1, 1946, the new Old Age Assistance law increases the exemption of children of Old Age recipients. This will undoubtedly result in an increase in the amount of aid in some cases and an increase in the number of applications.

The District Nurse reports a total of two hundred sixty-eight visits to thirteen Old Age recipients.

We wish to extend thanks to all individuals and Town Departments who have assisted us in carrying on our work, especially the District Nurses who have been very helpful.

Please refer to Accountant's Report for financial detail.

Respectfully submitted,

EVERETT W. WHEELWRIGHT,

DARIUS W. GILBERT,

A. FRED PETERSEN,

Board of Public Welfare

Bureau of Old Age Assistance

# REPORT OF TREE WARDEN

To the Citizens of Cohasset:

During the past year the tree department has been called on for an extraordinary amount of work in preservation of its shade and ornamental trees within the Town. Due to unusual weather conditions of storms and wind this past year, much of this damage still needs attention, but some of this condition has been eliminated as far as money would allow. Several large dead and seriously decayed trees have been removed, large overhanging limbs were removed wherever even a possibility of hazard was deemed to exist. Calls from interested citizens were investigated and attended to where ever possible. Replacement of many trees that have been destroyed over a period of years is desirable. Heretofore it was not considered expedient to request an amount for this purpose, but if Cohasset Highways and small parks are to retain their well ordered grouping, a definite program of replacement is necessary. An amount covering such a program will be asked for this year.

Pruning and surgery was completed as money would allow, the result is apparent in improved growth and appearance. Dangerous intersections have been relieved of unnecessary growth, thus making travel in Cohasset safer at these intersections. It is my belief that a street or section thereof may be completed by trimming and removing unnecessary and dangerous conditions, by the elimination process of a section each year. It is evident that Sohier Street from the junction of Route 3-A to a point between the residences of Mrs. Bancroft and Joseph Curley deems this method to be satisfactory and this program should be carried to North Main Street to completion. Therefore Street No 1 will be eliminated for a time, then on to the next, until the program has been completed.

It is extremely gratifying to report through the cooperative efforts of various interested groups that our trees are receiving the public attention they deserve and as your tree warden it has been my pleasure to accept many valuable suggestions from these interested citizens.

In closing, I wish to thank the heads of the Town Departments for the cooperation, in particular the Highway and Police Department personnel for their services and help in recent storms and wind occurrences.

Respectfully submitted,

ROSCOE G. PRATT,

Tree Warden

---

# REPORT OF MOTH SUPERINTENDENT

To the Honorable Board of Selectmen:

Gentlemen:

I herewith submit my report for the Moth Department of the Town of Cohasset for the year ending December 31, 1945. Following my appointment the Department made a complete survey of the Town and discovered several badly infested areas. In consideration of the history of the *Gypsy Moth*, existing woodland conditions here lead to the conclusion that in spite of control effort to date, epidemic outbreaks may continue to occur

within an infested area. Measures of artificial control involving painting egg clusters with creosote and spraying with arsenate of lead etc., are of value when properly planned, especially in situations where aesthetic values are paramount. Plans to isolate these danger points were carefully carried out throughout the year. Intensive spraying in these localities checked wide spread damage.

Due to war conditions the new sprayer could not be delivered to the Town in time to be of any service regardless of this fact. The spraying program was carried out as planned, but not without some difficulty. Some trees found to be infested were treated in proper manner, according to the type of infestation, the results of these treatments should be checked this year. If successful, many trees may be saved from distruction by disease. A WORD OF WARNING: *Elm Tree Blight* is spreading in Massachusetts.

In reference to the Dutch Elm Disease which is threatening our Elm trees, it is caused by a Fungus. It is transmitted from Elm to Elm by feeding reproductive activities of the bark beetles, the Fungus and the insects favor each other. The important carriers are the introduced smaller European Bark Beetles, (Scolytus Mullistruatus) (Marsh) and the native Elm Bark Beetle (Hylurgopenusrufipus) (Eichh) which carries to broken and decayed limbs, fallen limbs and piles of cut decaying Elms. The Fungus lives in the water conducting Channels of the Elm Tree and produces a toxin which in turn causes the death of the tree. Sanitation methods against the Bark Beetles that spread the Fungus is the most effective means of preserving Elms from the Dutch Elm Disease, and we must spread this gospel of sanitation and treatment. The control of such diseases needs the cooperation of all citizens, so if you find an Elm tree that gives indication of being diseased, report it to your Tree Warden or Moth Supt., who will contact Dr. McKenzie at Massachusetts State.

It has been a pleasure to assist many interested citizens in problems of insect control and it is my hope that this interest will become apparent when the needs of the Moth and Tree Dept. are considered at the Town Meeting. In conclusion, I wish to thank your Honorable Board and Cohasset Citizens for the loyal co-operation afforded this department.

Respectfully submitted,

ROSCOE G. PRATT,

Moth Superintendent

## REPORT OF THE COHASSET PLANNING BOARD

To the Citizens of Cohasset:

The Planning Board this year has been more active than formerly. Meetings are held in the Town Hall on the first Monday of every month. The Board for the past year was made up as follows:

| | |
|---|---|
| Harry Burley, Chairman | Term expires 1949 |
| Paul Blackmur | Term expires 1946 |
| Norman James | Term expires 1950 |
| Charles L. Stegmaier | Term expires 1949 |
| Robert A. Leonard, Secretary | Term expires 1947 |

During the war years, there was no appropriation, so of course the activities of the Board were limited. Recently the board received a copy

of the proposed development and subdivision of the Hovey Estate, but as yet it is still under consideration.

The aim of the Cohasset Planning Board is to carry out the rules and regulations specified originally.

ROBERT A. LEONARD,

Secretary

## REPORT OF THE WATER INVESTIGATION COMMITTEE

January 21, 1946

Pursuant to Article 27 of the Town Warrant which reads as follows:

> "To see if the Town will vote to appoint a Committee to make a thorough investigation as to the costs of operation and estimated value of the Cohasset Water Company, within the confines of Cohasset, and make a study of operating costs and value of a water system under Town ownership, the Committee to report their findings at the Annual Meeting in March 1946; and to raise and/or appropriate a sum of money for the expenses of said committee or take any other or further action relative thereto.,"

voted March 3, 1945, at the annual town meeting, a Committee was appointed by the Selectmen.

Your Committee has made a thorough investigation of the present costs of operations under private ownership and has estimated the value of the Cohasset Water Company and has made a study of estimated operating costs and value of the water system under town ownership. Your Committee has also investigated the methods under which the Cohasset Water Company could be acquired. It has made numerous comparisons with similar water systems owned by other municipalities and representatives of the present owners have been present at two meetings to state their objections to acquisition by the town.

Your Committee has reached the following conclusions:

1. There is nothing in the Cohasset Water Company's charter or in the State law to prevent the purchase of the Water Company by the town.
2. The stated book value of the Cohasset Water Company's plant and general equipment December 31, 1944, was $282,197.68.
3. With efficient management the town can operate the present water system at substantially the same cost of operation.
4. Although purchase of the water system would not result in any immediate reduction of rates, reductions can be expected under municipal ownership in a reasonable time, which reductions would never be realized under private ownership.
5. Purchase and operation of the water system by the town will not increase taxes because the operation will be self-sustaining.
6. Purchase of the water system can be financed at present by a bond issue at an extremely low rate of interest between 1% and 1½%.

7. At present rates the water revenues are sufficient to meet operating costs, interest costs and principal payments each year on a bond issue which will be completely paid off in 30 years.

Your Committee unanimously recommends the acquisition of the Cohasset Water Company property. Here is a valuable asset that can be acquired at no cost to the town. Water is the life-blood of every community and the people who use it should control it.

Respectfully submitted,

Homer A. Severne, Chairman
Robert J. Hill, Secretary
T. Gilman Churchill
Thomas F. Culliney
Darius W. Gilbert
Frederic D. MacNeill
Stewart Sanders
Roscoe E. Sherbrooke
Gilbert S. Tower
Philip L. Towle
Everett W. Wheelwright

## REPORT OF HIGHWAY SURVEYOR

To the Citizens of Cohasset:

The report of your Highway Surveyor for year ending December 31, 1945 follows the general routine of other years.

More necessary fence repairing and painting than ordinarily, was done. The area between Lincoln Bros. Coal office and railroad crossing was repaired; thus eliminating the nuisance of surface water that remained from rains and thaws; also along Ripley Road next to Hyland & McGaw's carpenter shop, a similar condition existed and was corrected. The catch basin on Ripley Road between hospital and residence occupied by Mr. Merritt was rebuilt, with about 200 feet of drain pipe laid to Sohier Street to carry away the water.

There were 48,414 gallons of Tarvia used on these various streets; So. Main, Summer, Border, Parker Avenue, Margin, Atlantic Avenue, Beach, Jerusalem Road, Bow, Hull and Forest Avenue. Much crushed stone and patching tar was used due to severe winter.

With a great many of men back from the Service, some of whom have applied for work; it may now be possible to eliminate some dangerous, hazardous places on the highways — this is very necessary.

The snow removal was quite costly. However the streets have to be kept open at all times, and the center of the town clear.

The men and truck drivers doing this work, I cheerfully commend for a tough job well done, as they always do.

To all who kindly co-operated with me, particularly our Town Officials, I express my appreciation.

Respectfully submitted,
WILLIAM T. BARNES,
Highway Surveyor

## REPORT OF THE DIRECTORS OF THE PAUL PRATT MEMORIAL LIBRARY

In recent years the Directors as a group have not needed to make any lengthy report because all financial matters are summarized in the Treasurer's Report and all general matters relating to the Library are ably presented by our Librarian, Miss Charlotte S. Tower.

In January, 1945, Mrs. Sara E. Heywood was engaged as Assistant Librarian. Mrs. Heywood was a student at Wellesley College for three years and took a course in English Literature at the University of California. She was the secretary of the Vice-president of the Babson Institute for three years, her duties including attending lectures and extensive work in school library research. Later she held a secretarial position in the office of Scovell, Wellington and Co. She resigned her position as Assistant to the General Manager of the Jordan Marsh Company, Annex Division, to take up the work in our Library

Appended herewith are the reports of the Treasurer and of the Librarian.

Respectfully submitted,
DR. FREDERICK HINCHLIFFE, President
REV. FRED V. STANLEY, Treasurer
DONALD T. GAMMONS, Clerk
ROLAND D. EARLE
REV. ROBERT W. LITTLE
REV. ROSCOE E. TRUEBLOOD

## REPORT OF THE LIBRARIAN OF THE PAUL PRATT MEMORIAL LIBRARY

To the Board of Directors of the Paul Pratt Memorial Library:

An article in a recent issue of the American Library Association Bulletin discusses such questions as, "Who uses the library?" "Why don't more people use the library?" and "How much do people know about the library?" It goes on to say that some, in answer to the question whether they have a library card, reply "No;" a smaller precentage reply "Yes" while

others say they never use libraries. Various reasons are given in answer —they have their own reading matter or obtain it elsewhere; they are too busy, or they are not interested. Knowledge of the library varies, some knowing nothing about it.

Similar reasons for not using our library have been given me. Somehow, I feel that membership in Book Clubs, the purchase of paper pocket-size books and magazines have a tendency to lessen the need of the library's service, yet with all these there is much the library has to offer. With the cessation of hostilities in Europe and the Pacific we shall hope those who have given much time to war work and other activities will now have leisure and inclination for more reading. We hope, too, that the boys who have been in service will find their way again to the library, and in welcoming the returned veterans, we shall remember those whom we shall not see again.

As to what our townspople know about the library, I am sure that all, though they may not be aware of just what processes a book must go through before it is ready for the shelves, and other things, know that the library stands ready to help them in every way possible. If those who have not used the library would come in and browse about, they would become acquainted with its excellent collection of books and magazines— a varied collection, as it should be, for there are many tastes to be considered. An effort is continually being made to add worthwhile books for study and enjoyment to both the adult and children's collections. The pre-school child is not forgotten and it is a joy to see the littlest ones trudging home with a book under their arm!

In looking over my notes for the past year, I find the pattern of service differs little from that of other years. An occasional break in the daily routine comes when there are plans for special days or weeks to be made— such as for the Lenten season, the Spring Festival, Book Week (the highlight of which, for the school children is the visit to the library) and Christmas. Much more could be done along these and other lines with a larger staff and time to devote to planning and executing, but, with the limited time at our disposal, the librarians try to make the library as attractive as possible, and with the assistance of friends, who kindly loan us material for exhibits and displays, we meet with some success. Among those to whom sincere thanks should be extended are Mrs. Harold F. Barnes, who has arranged displays of sea-shore life, — shells and seaweeds; to those members of the Garden Club and others who have given flowers during the summer and to the Oaks Greenhouses, whose gift of flowers brightened the library throughout Book Week; to both Mr. MacIvor Reddie and to Mr. Richardson White, whose paintings and bronze horses attracted much attention during this same period. Through the courtesy of the Viking Press, Incorporated, we were able to show copies of Robert Lawson's original drawings for his book, "Rabbit Hill," a most attractive child's book.

The story hours which were arranged last year in co-operation with the Activities Committee of the Community Center continued through February, but this fall the Committee decided to have them at the Community House.

One project which has been undertaken, not early enough, however, to have been brought to completion before the end of the year, has been the preparation of a Treasure Chest — a box of children's books—to be sent to one of the countries, which, through years of war, had suffered the lack or loss of books. The children of the Ripley Road School, who, with other friends, contributed money for the purchase of the books, voted to send the

chest to England. Since there was no special town designated, it will probably become a travelling library, giving pleasure to many English children. The chest has been made possible, not only by contributions of money, but also of materials and time. It has been made of wood, donated by Mr. Haggerty; its planning and construction has been in charge of Mr. Meyer, and its decoration in charge of Miss Kraus. Each book is to have a book plate which has been inscribed by Mrs. Jerome F. Wadsworth, "To the children of England from the children of Cohasset, Massachusetts, U. S. A." Two scrap-books are to be included; one, which is being prepared by Miss Cleverly, filled with pictures and whatever she may think will be of interest to the English children, while they are expected to fill the second with information about themselves and return it.

Through the year the library has been open 299½ days, one-half day only having been lost on acount of inclement weather. There have been sixty-two Sundays and legal holidays, with three additional holidays, at the time of President Roosevelt's death and of the Japanese surernder. Lack of heat at the Beechwood Branch Library caused it to be closed for two days but otherwise Miss Stoddard has had it open the usual hours.

Without doubt women are in the majority among our patrons, but I have always thought a very good percentage of men came to the library. Both men and women are interested in travel and biography, with history, the household arts and gardening being other classes of non-fiction selected. Books which have been borrowed from other libraries, to meet the needs of our people, number twenty.

Perhaps more children should use the library, but there is a very good representation. The books which are sent to the Ripley Road School every month may fill the need of some. All are encouraged to read from the State lists which enables them to win the State Certificates. During the school year from September 1944 to June 1945 one hundred forty-six such certificates, including sixteen Honor, were awarded to fifty-four children.

The circulation of books for the past year was 37,214 volumes; 34,149 at the main library and 3,165 at the Beechwood Branch Library.

The circulation of books for the past year was 37,214

There have been 161 new and 32 re-registrations (149 adult and 44 juvenile) but since 159 names were withdrawn, the actual increase in our registration file is only 34, making a total of 1,545 of which 1,196 are adult and 349 juvenile (under fifteen years). At the main library there is found to be 1,399 registrations and at the Beechwood Branch Library 146. Names of 21 boys and girls who have become fifteen were transferred from the juvenile to the adult file.

We are indebted to many persons, whose names will appear on our January 1946 Bulletin of new books, for magazines and books, among which are three given as memorials to two young men who had lost their lives in the war — Alfred R. Daloz, whose family has recently come to town, and John Parkhurst of Winchester. Mrs. Gordon Cluett sent us a gift of money in appreciation of the library's privileges during the summer, expressing the wish that this might be spent for children's books. This was done.

The number of volumes added during the year was 966 (554 adult and 412 juvenile). This includes gifts and books purchased; those which come to us by subscription, such as the U. S. catalogue; those which have been bound such as National Geographic magazine, and the return of books thought lost. Since 161 volumes were withdrawn, the net increase is 805, making a total of 28,111, of which 1,884 are at the Beechwood Branch Library. As it has been impossible to read the shelves this year, this work is being planned for as early in 1946 as possible. It may then be found that the figures given above do not exactly tally with those resulting from the reading, which I shall try to have correct.

In closing I wish to extend my sincere thanks to all those whose help and co-operation have meant much to me throughout the year,—to your Board, to Mrs. Heywood, to Miss Stoddard, to Mr. Butman, to the high school students, who have given us part time.

CHARLOTTE S. TOWER,
Librarian

## SCHOOL CALENDAR — 1945 - 1946

### FALL TERM

Begins Wednesday, September 5, 1945, fifteen weeks; ends at noon Friday, December 21, 1945.

### WINTER TERM

Begins Wednesday, January 2, 1946, seven weeks; ends Friday, February 15, 1946.

### SPRING TERM

Begins Monday, February 25, 1946, seven weeks; ends Friday, April 12, 1946.

### SUMMER TERM

Begins Monday, April 22, 1946, eight weeks; ends Friday, June 14, 1946 for Grades Kindergarten through Eight. High School Graduation, Monday, June 17, 1946. Schools re-open, Wednesday, September 4, 1946.

### HOLIDAYS

Columbus Day, Friday, October 12, 1945.
Armistice Day, Monday, November 12, 1945.
Thanksgiving Recess, Wednesday, November 21, 1945—
Schools close at noon for remainder of week.
Memorial Day, Thursday, May 30, 1946.

| Alma J. Dixon | Grade 1, Ripley Road School |

## ENTRANCE AGE REGULATIONS

A child desiring to enter Kindergarten in September must be four years and ten months of age, on or before the day school opens for the fall session. A child must be five years and ten months of age, on or before the day schools opens for the fall session, to enter the first grade. Pupils born in towns other than Cohasset must present a birth certificate for admission to the Kindergarten or first grade.

# REPORT OF SCHOOL COMMITTEE

To the Citizens of Cohasset:

It is inevitable that under present conditions your Committee should again lay great stress upon the necessity of replacing the Osgood School with a modern spacious building.

A survey of the High School Housing Situation at Cohasset submitted by the special committee appointed by Julius E. Warren, Commissioner of Education, and dated July 1945 sets forth in no uncertain terms the inadequacy of the present building in the light of today's educational requirements and makes it imperative that this condition be remedied as soon as practicable.

Aware of the fact that the townspeople as a whole are in favor of such action and that the New School Building Committee has put considerable time and study into this problem, nevertheless, in view of the uncertain conditions prevalent throughout the country relative to building materials, costs etc., a new structure seems several years away.

It is therefore, incumbent upon your Committee to maintain the present plant with the minimum outlay of funds, but always with the safety and comfort of pupils and teachers of paramount concern.

We direct your attention to the report of the Acting Superintendent of Schools wherein is stated in detail the recommendations of your Committee in respect to this school.

No person familiar with the lunch room set-up at the Ripley Road School can, in fairness, question the advisability of making alterations and supplying equipment contemplated by your Committee, to the end that these youngsters shall have clean, sanitary and adequate facilities.

We have given a great deal of time and study to the music situation in your schools and although no decisive action was taken this past year it appears that if conditions warrant and the demand prevails steps will be taken to expand the program to include the formation of a band or orchestra.

The basketball court at the Ripley Road School has proved a splendid addition to the athletic program of the schools. Not only the High School but younger groups from both schools have benefited by it and at the time this is written a Servicemen's Ieague has been formed and a team from Cohasset is practicing on the court. Further improvements in the locker rooms are planned if funds are made available.

However, recent occurrences at some of the games, and reports from towns where our boys have played have caused the Committee considerable concern. Damage to property of visitors or hosts and other disgraceful conduct is far beyond the pale of good sportsmanship, and whether indulged in by players, members of the school, or others, the result is the same; to destroy the reputation of the team, the school and the town. Such conduct must not continue.

The Committee urges all citizens, especially those who love sports and who attend the games, to do all in their power by personal example, by parental control and by friendly or if necessary forceful persuasion, to see that such occurrences stop, and to build up a high degree of Sportsmanship in Cohasset, to treat our visitors with consideration, our hosts with respect, and thus enjoy their consideration and respect in return.

The Acting Superintendent of Schools in his capacity of Executive Officer of the School Committee has been meticulous and painstaking in presenting the many and varied problems to the Committee and we feel that he has done a splendid work in carrying out its instructions.

Rather than go into these problems in a report such as this for fear of repetition we recommend that you read and study his report and those of the Principals and Supervisors contained herein.

We desire to record our thanks and gratification for the manner in which the teachers and others in the employ of the School Department have performed their duties this past year.

COHASSET SCHOOL COMMITTEE

## REPORT OF THE ACTING SUPERINTENDENT OF SCHOOLS

To the School Committee and Citizens of Cohasset:

The cessations of hostilities during the year has relieved the schools from the necessity of continually having its attention focused on the exigencies of war-time situations and demands. Now it is time to take a long range view of the type of educational program which this community ought to have emerging in the post-war world. There is the new, some of which may be tried. There is the old, some of which should be strengthened and retained. There are adjustments always to be made in gearing education to a rapidly changing world. In "The Public and Education," a publication of the National Education Association, we find that " . . . the United States Census of 1940 revealed that of the adults twenty-five years of age or over, 3 million had never gone to school at all; 13% had not completed the fourth grade; 56% had only an eighth grade education or less; 75% had not completed high school." It is my impression that the figures for our community would be well above these averages; nevertheless, it is also true that we could improve considerably the percentage of those who go beyond the eighth grade to graduation from high school. Quoting from the same publication, "Only as *all* the children of *all* the people are adequately prepared for citizenship can our country prosper and endure."

During the past year we have been working on what I regard as fundamental steps to improve our local situation. On the elementary level we are seeking to insure a sounder, happier start in school life for the pupil through increased attention to the problems in reading. A discussion of this may be found in Mrs. Hudson's report.

A special reading teacher and supervisor will start work the first of the year to help carry out the program which Mrs. Hudson and the primary teachers started in September. It is based upon Dr. Lawrence A. Averill's report, "School Readiness, School Admission, and First Grade Objectives," published by the Massachusetts Department of Education. There are in my office several copies of this report which I would be glad to loan to interested parents.

At the secondary school level, we must be especially alert to define the program which should emerge as this is a fundamental pre-requisite to any building program of the future. If we are to try to approach the ideal of caring for the secondary school demands of *all* of the children of the community, we must broaden our program. There is the college preparatory group, the commercial group, and then a large group who will

be going into various phases of industry, large or small. For this latter group, we have been building a curriculum in basic manipulation skills to survey the occupational opportunities, and to appreciate the practical problems they will face after graduation. One demand this makes is for more opportunity for manual work and an expansion of this program. It is also significant to note that the Report of the Harvard Committee states that "all college preparatory pupils should take some shop training." To allow for proper supervision for this, and to release me for more time for actual supervision of the elementary program, I recommend the addition of one teacher at the Osgood School. This would allow the Vice-principal more time to take over some administrative details and improve his opportunity to better supervise the Guidance program.

I have placed in the hands of the committee the report of the survey made by the State Department of Education. A committee appointed by Julius E. Warren, Commissioner of Education, which consisted of R. O. Small, Associate Director, Division of Vocational Education, Alice F. Beal, State Supervisor of Elementary Education, and A. Russell Mack, State Supervisor of Secondary Education with the assistance of special consultants made a report, "Survey of the High School Housing Situation at Cohasset." To quote a few pertinent observations from this report " . . . all that is offered at present in the High School should be retained. This should be supplemented by a better program of physical training, a richer opportunity for social and civic training, and broader manual education." The report criticizes the present building as follows: " . . . almost no adjacent playground space . . . no opportunity for proper physical education. The cafeteria, lunchroom, and Household Arts quarters and equipment are of only mediocre usefulness when considered as workshops and educational laboratories. While the building, equipped with a sprinkler system, cannot properly be described as a fire hazard, the third story auditorium under some circumstances might become just that. The science laboratories are inadequate and ill equipped. There may be floor space enough for the physical demands of expanded commercial, art, and music courses, but this would give little of the environment and atmosphere which should go with such offerings. The shops are rather outmoded for the serious stimulating of interest in, and respect for manual practices so important in this technical area." Complete copies of this survey report are available for interested citizens."

I will comment briefly on the four special articles placed in the warrant this year. Many observers, including the Principal of the school, the school physician, nutritionists of the state, teachers and parents have deplored the inadequate and unsanitary location of the kitchen and cafeteria at the Ripley Road School. The kitchen facilities are too limited for the numbers now served. Plans and specifications have been secured by your committee which include an addition to the facilities of the school nurse and physician. At present, there is no adequate place for a sick child to rest during the period of time required to make arrangements for taking the child home, for physician's examination, or first aid care after minor injuries.

The present school bus has been operating since 1935. Many inquiries have been received as to when we were going to get a new bus. An article in the warrant will present the citizens with that opportunity this year.

The cleanest and most suitable heat for a public building is generally recognized as oil heat. At the Ripley Road School it is proposed to install a burner taking a heavy oil, thus securing economy. It is hoped that an arrangement for oil heat under one boiler at the Osgood School can allevi-

ate the difficulties of draft which recently have called for expensive patch repair work to our flues. This patch work is only a temporary expedient and heating in extreme weather is still difficult.

The dressing facilities at the Ripley Road School for the basketball teams are not as comfortable as desired. It is hoped that the unexpended balances for insulation and acoustical treatment may be reappropriated to remedy this situation.

New facilities and an expanding program call for the expenditure of sums of money. It is hoped that the citizens will feel that essential and sound requests have been made. According to figures quoted by the National Education Association, the American people in 1942 made the following expenditures: "24 billion dollars for food; 12 billions for clothing; 5.2 billions for alcoholic beverages; 2.4 billions for tobacco; 2.3 billions for public elementary and secondary schools; 2.1 billions for gasoline and oil; and 1.5 billions for beauty preparations and services. In 1943-44 the nation spent only about 1.5 percent of its income for elementary and secondary school purposes." A considered opinion would seem to be that we have not yet reached a point where educational expenditures are out of proportion.

A complete financial report of the school department is to be found on page 69 of the town report. A summary showing the operating cost is as follows:

SCHOOLS — GENERAL MAINTENANCE

| | | |
|---|---|---|
| Expenditures for 1945 | | $88,341.91 |
| Reimbursements and receipts: | | |
| Tuition | $1,010.87 | |
| Telephones | 67.51 | |
| Sale of printing and supplies | 54.98 | |
| State reimbursement on teachers' salaries | 5,390.00 | |
| | | 6,523.36 |
| Net Cost to Town | | $81,818.55 |

SCHOOL LUNCHES

| | | |
|---|---|---|
| Expenditures | | $10,150.25 |
| Receipts from Federal Government | $1,445.76 | |
| Sale of Lunches | 6,368,55 | |
| | | 7,814.31 |
| Net Cost to Town | | $2,335.94 |

Respectfully submitted,

WILLIAM RIPLEY, JR.

Acting Superintendent

# REPORT OF THE PRINCIPAL OF THE RIPLEY ROAD SCHOOL

January 25, 1946

Mr. William Ripley
Superintendent of Schools

Dear Sir:

For many years, the teachers at the Ripley Road School have given much thought and consideration to the fact that no two children are the same. We have endeavored to adjust our instruction and materials to the child's own level, regardless of grade. Along with this adjustment our standards of promotion have been gradually changing, as no one standard of success or failure can be followed that is right for all pupils. We want to minimize and perhaps eliminate failures in the lower grades, by allowing each child to go on at his own individual speed. We hope to do this by grouping pupils carefully according to their abilities, by giving extra help to those of lesser aptitude and by providing extra activities for the quicker-learning pupils.

The grouping of pupils according to their own learning levels, regardless of grades, is especially important in the teaching of Reading. To help us in proper grouping, Reading Readiness Tests were given in the first grades, during the first week of school. The results of these tests enabled us to start the formal reading program as the children became ready for it. Some children are ready to read when they enter the first grade but many are not ready for weeks or even months. Pupils who are not ready are given reading-readiness work which consists of cooperative activities such as conversation, story telling, picture talks, games, excursions and play. This program tends to produce an eagerness to read and provides a background for the reading which is to follow. In addition to the Reading-Readiness Tests, Gates Standard Reading Tests were given in grades one in May, and the Stanford Achievement Tests in all other grades.

We received some new equipment during the year which has been very helpful. The duplicator machine is used daily by the lower grade teachers. We have had the use of a film-strip projector which has been used to advantage many times. We hope to add to our supply of films so that Visual Education may be emphasized and enjoyed to a greater degree than it has been formerly. The room where the pupils eat their lunches has been furnished with tables and benches. We are now looking forward to having this room enlarged and a modern kitchen installed.

In addition to a larger lunch room we need a Health Room where the school nurse could have her supplies and desk. It should have in it a cot, where children who become ill while at school could rest. This room would also be used by the school doctor when he gives his physical examinations.

These improvements, a larger lunch room, a modern kitchen, and a comfortable health room, will mean a great deal to the entire faculty and pupils at the Ripley Road School.

Respectfully submitted,
HELEN L. HUDSON
Principal

## REPORT OF THE DIRECTOR OF GUIDANCE

January 25, 1946

Mr. William Ripley, Jr.
Superintendent of Schools
Cohasset, Massachusetts

Dear Sir:

In past years I have given a rather detailed account of the aims of Guidance in our schools. This will be more in the line of a report of progress.

We have now reached a point in our guidance program where we can honestly say that all of our students are tested for educational background, aptitudes, attitudes, and intelligence quotients. The Boston University battery of tests which we used this year for the first time have worked out very well and will probably be used in the future as they are more comprehensive than others we have tried before.

Tests are followed by conferences with each pupil. With these tests, academic grades, and personal knowledge of the pupil we are able to help him in making his decisions, both currently and for the future.

We have a fine library of information on educational and vocational subjects. Each student has this information available to help in making his decisions.

Many Veterans have come to us for aid in making educational and vocational choices. We have been able to give them the benefit of any information or contacts we might have. One of the real values of a Guidance Center is to aid the graduate and to "follow up" the careers of our past students. We are pleased to be a part of the Cohasset Veterans Service.

Sincerely yours,

BURDITT W. COLLINS,
Director of Guidance

## REPORT OF THE SUPERVISOR OF ART

January 2, 1946

Mr. William Ripley, Jr.
Superintendent of Schools
Cohasset, Massachusetts

My dear Mr. Ripley:

The annual report of the Art Department is hereby submitted.

Probably because of a change in the high school schedule, more students have been able to enroll in the mechanical drawing classes this year.

Changes in the schedule at the Osgood School have made Monday morning and all day Wednesday my appointed times to be at the Ripley Road School, with full time teaching in the fifth and sixth grades and supervision in the first four grades. On May twenty-fourth an exhibit and tea were held at that school and the attendance was gratifying. The

enthusiasm and pride of the children over such an event are always sources of satisfaction to the teaching staff. Mrs. Hudson and the teachers are responsible in large measure for the results obtained, and their cheerful cooperation is gratefully acknowledged. Miss Mary Enos and Mrs. Weatherby also gave valuable assistance in managing the tea party.

During the war years, some of the ideals of art teaching had to be put aside. The children thought largely in terms of guns and tanks and air battles. We thought it best to let them express their war time emotions, but with peace, a change is already noticeable, and art may again hope to influence to a greater extent the form which the spiritual and physical creations of our civilization will take — the clothes we wear; the houses we live in; the pictures in our homes and art galleries; the furniture, silver, dishes, even kitchen utensils. Every phase of our living may be influenced by the right art principles, raising the standards for the creation and appreciation of beauty.

Good art materials have been almost non-existent, but we got along very well with what we had. A few replacements will be necessary when available.

To you, and to the members of the School Committee I wish to express my appreciation for strong and helpful cooperation.

Respectfully submitted,

FLORENCE E. KRAUS

## REPORT OF THE HOME ECONOMICS DEPARTMENT

January 23, 1946

Mr. William Ripley, Jr.

Superintendent of Schools

Cohasset, Massachusetts

Dear Sir:

I submit for your approval and acceptance the annual report of the Home Economics Department.

"Learn by doing" might be taken as a motto for this department and it is hoped that this "doing" in school may create in the girls an appreciation of the work necessary in keeping a home and help them to contribute their share toward it.

The aims of the cooking department, stated briefly, are to teach the fundamentals of cooking in theory and practice, the serving of simple well-prepared food and to give the girls a knowledge of the foods by which the body requirements are best supplied to maintain good health.

An important part of this department is the preparation and serving of a hot well-balanced noon day lunch. Most of the work for the lunch is done by an assistant; the girls contribute one or two dishes from their cooking lesson.

We are still receiving some reimbursement for students' lunches from the Federal Government; which enables us to keep up the standard of the food without extra cost to the students.

The United States has food enough to supply everyone with the required number of calories. One of the best ways to have a strong country

is for people to eat the right kinds of food. Young people, especially, need an adequate lunch, preferably a hot one, after their early morning start and a morning of school work.

The sewing department teaches the making and use of common stitches, the use of patterns and of the sewing machine and their application in the construction of simple garments. The course, also, includes the repair and care of clothing, patching, and darning of various kinds, a necessary knowledge in these days of high prices and poor quality. In closing, I wish to thank you and the School Committee for your interest and co-operation.

Respectfully submitted,

HELEN C. WELCH

## INDUSTRIAL ARTS DEPARTMENT

January 18, 1946

Mr. William Ripley, Jr.
Superintendent of Schools
Cohasset, Massachusetts

Dear Sir:

In accordance with your request, I submit herewith my report of the Industrial Arts Department for 1945.

During the past year we have changed from a wartime to a peacetime economy, but few changes were necessary in the conduct of our industrial arts activities, because both war and peace activities require much the same skills. Woodworking and Printing have been the main courses for both the junior and senior high classes.

Woodworking is ideal as a medium for developing ability in the manipulating of a large variety of tools, and every boy has the desire to create something with his hands. Woodworking has therefore always held an important place in industrial education. Many practical projects were made by the boys last year.

The print shop appeals to boys who have a flair for assembling, for balanced arrangement, an appreciation of good diction, spelling, punctuation, and the completion of a perfect and artistic project of printing. Boys in the high school classes are entirely occupied with producing commercial printing for the school department and the general public. The junior high class, being beginners, are busy with the elementary processes of typesetting and proof reading as applied to simple jobs of printing.

For a number of years I have called attention to the nced of a Trade School for boys of Cohasset and surrounding towns. Here are a few lines from an editorial in the Boston Globe of December 27, 1945:

> "During the 15 years last past, there was in the United States a lack of job education. During the depression the employer who looked ahead to training replacements for his working force was rare. The employment agencies seemed to have plenty. For about 10 years those who had jobs requiring training and experience held on as long as they could. Those on the outside looking in learned very little. Then they learned to be sailors or soldiers but not mechanics.

The tremendous demand of war industries was met largely by breaking up jobs into tiny pieces. Many took home living wages from factories but the experience has not made them skilled mechanics.

Ten years of halting industry plus five years either in uniform or on small fractions of jobs have left the United States short of skills. Of the unskilled there is an appalling number, which is tragic in an era when the demand for such help seems destined to shrink."

Reconversion is likely to be slowed up from a potential lack of skilled workers in many industries. To mention just one — we have a known shortage of 6,300 masons which threatens to delay postwar construction. In short, the day of laissez faire in vocational training is nearing its end, as the price for full employment.

The special committee appointed by the Commissioner of Education reported that the scope and housing of our Industrial Arts program should be materially enlarged, but did not recommend the establishment of a unit vocational trade department, because of the comparatively small enrollment in our High School. However, if the boys of Cohasset and nearby towns are to have opportunity for trade education, some town in this district must build such a school, and the boys of the town doing so will have the best chance of choosing their subject and saving on costs of transportation. The state will pay one-half of all running expenses of such a school. Is there any valid reason why boys and girls planning to enter industry should not be provided with suitable education as well as those who are preparing for college? Since a modern new high school building is contemplated, why not use the old building for a Trade School?

Respectfully submitted,

MAX H. MEYER

## REPORT OF THE SUPERVISOR OF MUSIC

Mr. William Ripley, Jr.
Superintendent of Schools
Cohasset, Massachusetts

Dear Mr. Ripley:

In talking with Mr. Kenneth Kelly, Dean of the Music School of Boston University, he made the following statement, "Singing, in all its phases, always has been and must continue to be the heart and soul of any Public School Music Department. When we depart from teaching the fundamentals of Music through singing, our public school music will decline almost to the point of having no music at all."

That statement is so all-inclusive as to make any further elaboration superfluous.

We can, however, develop instrumental music and music appreciation as adjunct to the established course of study. To engage an instrumental teacher, to buy instruments, and to encourage instrumental study I have recommended before. To have an instrumental instructor one day per week would adequately develop instrumental instruction. The school will have to assume the entire responsibility in making available both instruments and instruction.

The first assembly sing was conducted recently with success. We are beginning to acquire a collection of song slides which can be projected on the screen, thus giving every one opportunity to sing. This phase of music activity will be developed until the assembly sing can become regularly scheduled during the school year.

The Music Appreciation course in the high school continues to attract students who desire the more factual aspects of music.

The annual Christmas program had to be postponed due to the severe weather, but will be presented at the Parent-Teachers meeting on January 23rd.

To my fellow-teachers for their aid and counsel, I am truly appreciative.

Respectfully submitted,

FREDERICK A. TAYLOR

## REPORT OF THE DIRECTOR OF ATHLETICS

Mr. William Ripley, Jr.

Superintendent of Schools

Dear Sir:

Any organized form of recreation tends to develop teamwork, fair-play, and a healthy spirit of cooperation. Under the stress of modern life play and relaxation have become first cousins to health. The educated person does not make the mistake of comparing health with strength. It is partly through play that one develops physical fitness, mental alertness, and habits of good conduct.

One of the best ways to develop self-control, courage, honesty, quick judgment, cooperation, and will power is through play and games. For example, a boy must possess the ability to make a quick decision in running bases in a baseball game or in selecting or following plays in a football game. The success of any sport depends upon the cooperation of all the players. All members of a team must obey their selected leader. In this sense play is no different from business or work. The playing of games teaches the necessity for respecting the rights of others. Play is as valuable as any of the regular work of the school, provided it is the right kind of play.

In Cohasset the only physical education that the boys get in High School is playing on the teams. For this reason we try to have all boys take part in one or more of our seasonal sports (baseball, basketball, and football).

No boy is allowed to take part in a competitive sport who has not first been examined by the school physician, and found to be physically fit. Neither may any boy participate in athletics whose scholarship is not satisfactory. Physical accident insurance is also carried by all of the high school boys who take part in intra-mural sports. This insurance is operated on a non-profit basis by the New England High School Principal's Association, and although it does not take care of all doctors' bills, it does cover any sprains or breaks that might be incurred during practice of during a game.

During 1945 we have followed the same program of sports that we have had for the past two years.

Basketball — Mr. Matheson
Baseball — Mr. Ripley
Football — Mr. MacNeil
Track — Mr. Bates

Mr. Matheson left us to take another position in January and much thanks is due Mr. Charles Stegmaier for coaching the basketball team for the remainder of the season. Mr. Ripley took over the baseball team and coached the boys through a fine season. When football season rolled around we had procured a fine coach, Mr. Donald MacNeil, who will teach Math and Science as well as handling the High School boys sports.

Respectfully submitted,

BURDITT W. COLLINS

## REPORT OF THE SCHOOL NURSE

Mr. William Ripley, Jr.
Superintendent of Schools
Cohasset, Massachusetts

Dear Sir:

| | |
|---|---|
| Number of pupils taken home during school hours for illness or accident | 90 |
| Number of home visits pertaining to absence and health of pupils | 89 |
| Number of home visits preparatory to Pre-School Conference | 48 |
| Number of pupils taken to physician's office | 1 |

The Pre-School Conference was held on June 7, 1944 — thirty-five children attended. A physical examination was made by Dr. Hinchliffe and the teeth were examined by Dr. Corrigan; recommendations for correction of defects were made to the parents at this time.

Although the Annual Tuberculin Test and Chest X-ray given by the Norfolk County Health Association at the Osgood School has been discontinued, the regular Clinic at Norfolk County Hospital is available to all as usual. Children from homes where there has been tuberculosis are X-rayed annually at this Clinic. Several of the teachers have also had a Chest X-ray this year.

During the year we have had several cases of mumps and chicken-pox, but a minimum of scarlet fever. The common cold seems to be the cause of most absence among the younger children.

As most children are inoculated to prevent against diphtheria before entering school, we had but seven pupils attend the Clinic for immunization.

The need of caution against accidents is stressed in the school and a film on "Safety on the Highways" especially with bicycles was shown by the State Department of Safety. The school now has equipment to show more of these pictures in the classrooms.

In closing I wish to thank the superintendent, the principal of the Ripley School and all the teachers for their kind cooperation.

Respectfully submitted,

FANNY E. JAMES,
School Nurse
